SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE  
=====

## STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED

Keep unnecessary people away. Ventilate enclosed spaces and avoid breathing vapors. Wear protective equipment, observing precautions on this sheet. Dike, contain and soak up spill with inert material (such as clay or sand).

## WASTE DISPOSAL METHOD

Place in non-leaking containers, seal tightly and label properly for disposal. A health hazard may still exist since absorbent materials will only absorb liquid; they will not absorb vapors. Observe all federal, state and local regulations concerning disposal of hazardous waste.

## PRECAUTIONS TO BE TAKEN IN HANDLING AND STORING

Keep containers closed when not in use. Store and use only in well ventilated areas. Avoid breathing vapors or spray mist. Avoid eye or skin contact. Wash thoroughly after handling. Never transfer material to an unlabeled container.

## OTHER PRECAUTIONS

Read and observe precautions on product label and this sheet. Keep out of reach of children. 'Empty' containers may be hazardous from residues of product and vapor and all cautions of this sheet apply to them.

=====  
SECTION VIII - CONTROL MEASURES
