

## Material Safety Data Sheet

.

MSDS No.: 0023

Date: Sept. 30, 1982 Revision: Apr 4, 1989

2264

Roch	ox Corporation hester, New York 14644	Emergency Tel. No. : Information Tel. No.:	
	Section I - Product k	dentification	
Trade Names/Synonyms	s: 1075/1090/4050/4090/4650 Dry Ink, 1075/1090 Toner	Part No. : 6R58, 6 6R501, 6R524 (XCI)	R301; RX: 6R303. 6R306;
Chemical Name: The	ermoplastic powder		
	Ingredients	-	CAS No.
Styrene/Acryl Carbon Black Quaternary A	late Polymer (>90%) (5-10%) Ammonium Salt (<2%)		25213-39-2 1333-86-4 123-03-5
	Section II - Emergenc	y and First Aid	<u> </u>
Eyes: Flush with wate			
Skin: Wash with soap			
	e from exposure.		
~	stomach contents with several gla	sses of water.	
Primary Route of Entry			th autocura to lorge
Symptoms of Overexpo	osure: Minimal respiratory tract		th exposure to large
Madial Conditions As	amounts of any non-toxic		oduct litoraturo
	gravated by Exposure: None who	en used as described by pr	oduct merature.
Additional Information	n: See Sections V and VII.		
		Beiciaday

Trade ne: 1075/1090/4050/4090/4650 Dry Ink, 1075/1090 Toner	MSCS NO . 0023 2264				
Section IV - Physical Data					
Appearance/Odor: Black powder / faint odorSoftening Range:Boiling Point:N.A.Melting Point:Solubility in Water:NegligibleSpecific Gravity (IEvaporation Rate:N.A.Vapor Pressure (nVapor Density (Air = 1):N.A.pH = N.A.VolatileN.A.% (Vol.)	N.A. (0 = 1): ~1				
Section V - Fire and Explosion Data					
Flash Point (Method Used): N.A. Flammat Limits	ELEL: N.A. UEL: N.A.				
Extinguishing Media: Water, foam, dry chemical					
Special Fire Fighting Procedures: Avoid inhalation of smoke.					
Fire and Explosion Hazards: Toner is combustible powder. When dispersed mixtures.	n air, it can form explosive				
Section VI - Reactivity Data					
	ly Occur Il Not Occur X				
Hazardous Decomposition Products: Products of combustion are toxic. Avo	breathing smoke.				
Incompatability (Materials to Avoid): None					
	O				
Section VII - Special Protection Information   Respiratory Protection: None required when used as intended in Xerox equipment.   Eye Protection: None required when used as intended in Xerox equipment.   Protective Gloves: None required when used as intended in Xerox equipment.   Other: For use other than normal customer - operating procedures (such as in bulk toner processing facilities), goggles and respirators may be required. For more information, contact Xerox.					
Section VIII - Special Precaution					
Handling and Storage: None					
<b>Conditions to Avoid:</b> Avoid prolonged inhalation of excessive dust.					
Section IX - Spill, Leak, and Disposal Pr	cedures				
For Spills or Leakage: Loose toner can be removed using a vacuum cleaner. Residue can be removed with soap and cold water. After removal of loose toner, garments may be washed or dry-cleaned.					
Waste Disposal Method: Do not inclnerate. No special techniques be conformity with federal, state, and local regulation *Biodegradation/not readily biodegradable					
Section X - Transportation Inform	tion				
DOT Proper Shipping Name: Not Regulated Hazard Classification: N. A. ID Number: N	A.
